GO SMART / TRAVEL SLOW / ENJOY SMALL

Go Smart

Intelligent travel that combines authentic and sustainable experiences. We promote experiential and environmentally respectful tourism focused on offering you genuine experiences of each country or region, avoiding large corporations in favor of family-owned businesses that generate local wealth. Travel smart by choosing options that maximize your experience and minimize environmental impact.

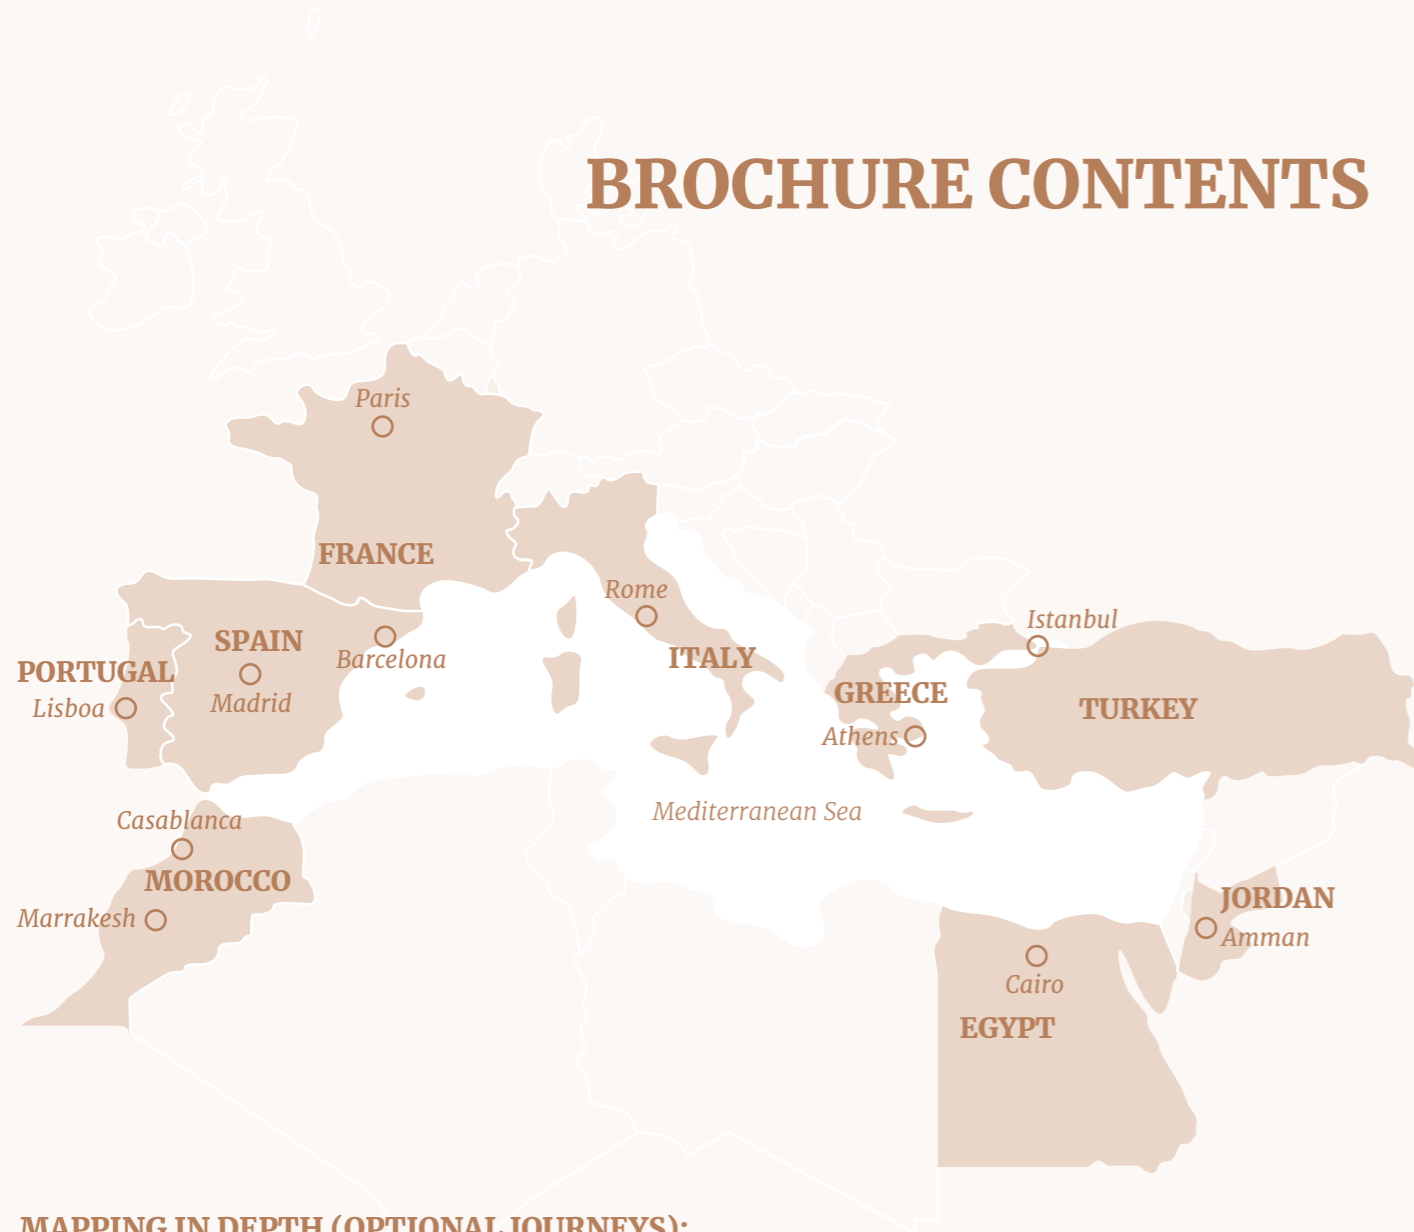

Travel Slow

Enjoy your travels at a relaxed pace, immersing yourself in each destination to savor the best it has to offer. We prefer extended stays of two nights in most destinations, staying in 4- and 5-star hotels, usually located in the city center. This way of traveling allows us to make the most of our free time and experience each place authentically and enrichingly.

Enjoy Small

Experience the authenticity of destinations in small groups of up to 24 people, allowing for more personalized attention and a deeper connection with the place and its inhabitants. This exclusive approach ensures that each traveler has the opportunity to enjoy a more intimate and enriching experience, facilitating a complete immersion in the local culture.

After Amman, head out to Jerash, and experience a tour through the Colonnaded Street, Amphitheatre, Churches, Temples and the vast Roman Forum. The best-preserved Roman City Gerasa, which is called Jerash today, and known also as the city of a 1,000

columns, was known for its entrance to the golden age under the Roman rule and the site is now generally acknowledged to be one of the best preserved Roman provincial towns in the world. Hidden for centuries in sand before being excavated and restored over the past 70 years, Jerash reveals a fine example of the grand, formal provincial urbanism that is found throughout the Middle East. Back in Amman, and in the early evening, join your fellow travellers for an authentic Welcome Dinner at a local restaurant.

Nebo, where the burial site of Moses is located. Enjoy a wonderful view from the mountains of the Jordan Valley, the Dead Sea, and Jericho on the other bank of the Jordan River. Continue south to visit Shobak Castle which is perched on top of a small hill northeast of the town of Shobak. Inside the fortress there are two churches, the first of which is to the left of the entrance and up the stairs. There are ruins of baths, cisterns, and rainwater pipes, in addition to millstones for pressing olives, a few archways and other works which have stood the test of time. Drive straight to the hotel in Petra for an overnight stay.

**4TH DAY (WED.)
PETRA**

Enjoy a full buffet breakfast at your hotel. Enjoy a full day dedicated to visiting the pink city of Petra, the capital of the Nabateans. The long-lost city of Petra, carved entirely by man into the rose-red sandstone rocks, puts your imagination to the test. It's a mystical and glorious place, and an eternal tribute to a lost civilization. Petra was the central meeting point of the Nabatean spice routes which originated from the Persian Gulf, Western Arabia and the Red Sea. About two thousand years ago Petra became the capital of the Nabataean Empire. The city was so renowned that one of its kings, Aretas IV, is even mentioned in the Bible. The natural richness of the mountainous area combines in a superb way with the refined culture and extensive architecture of the Nabateans, who carved their theatre, temples, tombs, monasteries, houses and roads entirely from

the rose-red sandstone rocks. No wonder UNESCO placed Petra on its World Heritage List! Enjoy observing Siq, a deep and narrow gorge, at the end of which suddenly and dramatically appears the most famous monument in Petra: alKhazneh or the Treasury. But the Treasury is just the start. Walking and climbing in Petra uncovers hundreds of buildings carved in stone and eroded through the centuries into fabulous multi-coloured walls.

WADI RUM**

inhabited by the Nabateans and contains several tombs, water containers and channels, with a small path that leads to some of the inner area, Siq Al Bared. The scale of this area and the fact that it is the continuation of Petra, gave it the name of Little Petra. Next, depart to Wadi Rum, crossing the Lawrence of Arabia desert. The visit is carried out in 4x4 vehicles driven by Bedouins; it consists of a small incursion into the lunar landscape of this desert. Observe the wonders that nature has created with rocks and sand; Wadi Rum village, Lawrence spring, Alamele inscriptions, 7 pillars, sand dunes. Enjoy observing Siq, a deep and narrow gorge, at the end of which suddenly and dramatically appears the most famous monument in Petra: alKhazneh or the Treasury. But the Treasury is just the start.
